RAMLEH TRAM FARES.

YESTERDAY'S PUBLIC MEETING.

A large number of the inhabitants of Ramleh met yesterday morning at the Belle Vue Casino, near the Ramleh terminus, Alexandria, with the object of discussing the recent step taken by the Ramleh Railway Company in regard to the raising of the price of its tickets. Arcache Bey, member of the Alexandria Municipal Commission, and Maitre Orfali spoke on the occasion. Arcache Bey explained to the audience what enormous profits had been and were still being reaped by the Company, and said that it had no right at all to increase its prices. It was consequently decided to approach the Government on the question. The same affair is expected to be discussed by the forthcoming meeting of the Municipal Commission.

IRRIGATION AT TOKAR.

A meeting of the notables, merchants and cultivators of Tokar was held there on Wednesday April 17 at the house of Sheikh Bakash Mohd. in order to discuss the feasibility of organising a joint-stock company in order to undertake the repairs of irrigation embankments at Tokar. The project recommended itself to all present and it was decided to fix the capital at L.E.1,200 to be divided into 120 equal shares of L.E.10 each. The capital was at once subscribed and it was decided to charge one piastre per kantar on the cotton crop of 1919-1920 in return for the services rendered by the company in maintaining the embankments in good order. If the capital subscribed should prove insufficient, further shares will be issued. The executive committee has appointed engineers, overseers and inspectors in order to proceed with the work, which is to start at once.

SUDAN AND SUGAR.

The Sugar Company has come to an agreement with the Sudan Government to send the latter several quantities of unrefined sugar from Kom Ombo in order to meet the present requirements due to the abnormal state of communication. It is understood that the Hawamdieh Sugar Factory is shortly suspending work as factories are not supplying it with sugar for refining processes.

A TIMELY TEXT.

The Cairo correspondent of the "Central News" has sent the following story home, and it has received wide publicity in the English Press:—

I have seen a pocket Bible which a soldier who was wounded during the recent riots was carrying at the time. The bullet which struck him was deflected by the book, which was torn open leaving exposed these words in the Book of Exodus XVIII. 10: "Blessed be the Lord, who hath delivered you out of the hands of the Egyptians."

The story has created a great impression.

WELL-KNOWN OWNER'S DEATH.

("Gazette's" Special Service.)

LONDON, May 10.

The death is announced of Mr. A. W. Cox, known on the Turf as Mr. Fairie. His death makes all void the nominations of Manilardo and his other horses entered for this year's Two Thousand, the Derby, and other races.

Mr. A.W. Cox has died at the age of 52, having been born in 1867, and with him has ended a career of great success in the racing field. He won his first race in 1888 and from that time one can almost say that his success has been unbroken. In 1895 he won the Thousand Guinea stakes with Galcottia, in 1899 then St. Leger with Bayardo, in 1910 the Derby with Lemberg, the Ascot Gold Cup in 1910 with Bayardo, the Chester Cup and the Ascot Gold Cup with Aleppo in 1914, Triple Crown Horse with Gay Crusader in 1917, and in 1918 the Oaks with My Dear. Mr. Cox was also an art collector and a keen traveller.

THE PREMIER'S PROPHESY

LONDON, May 6.

In the House of Commons the Food Controller stated that the Premier anticipated a saving of four shillings weekly in the working family's budget by the early summer. This had already been more than realised. We had freely placed at the disposal of the Allies all our resources for securing adequate supplies of essential foodstuffs. The Food Ministry might be wound up about the middle of November as home grown meat would be no longer controlled after the end of September. However the control of milk, the development of national kitchens and the regulation of prices as affected by trusts and combines should be regarded as permanent.

FUTURE OF LABOUR.

WASHINGTON CONFERENCE.

DELEGATES APPOINTED.

LONDON, May 6.

Professor M. Clennan, of Toronto University, who was invited by the British Admiralty in 1915 to investigate the possibility of a large scale production of helium, found large quantities in natural gas in Ontario, Western Canada, which could be produced at the cost of one shilling per cubic foot. The United States also co-operated and gave large orders for machinery and plant, thus the possibility of securing large supplies of helium is assured.

Simultaneously the practical details of the production of airships inflated with helium have been developed by the British Navy. The progress made warrants the opinion that in another year large quantities of helium will be produced in Canada at a low price and helium filled airships will be in service.
