At evening night on Friday, a good program was given and it is estimated that there were 800 people present. Officers, and Men, and fair sprinkling of ladies. By kind permission of the Officer Commanding, the Band of the Imperial School of Instruction was in attendance and played selections during the intervals. A very good evening's sport was witnessed. The prizes' Competitions producing some of the best and heaviest work. The Committee was headed by Mr. Gwynn, the organiser (who is to be congratulated on his enterprise) with Capt. J. Staniforth, Lt. Morrison and Mr. Staniforth.

The best contest of the evening was the five-minute rounds, light-weight, between Thomas, R.F.A. and Essex Regiment and Thomas, R.F.A. Immediately after taking part both were crowded in a lot of good work but on heavy punishment at various stages of the fight. After the fourth session had terminated, the Judge disagreed and the Referee ordered an additional round to decide which of the two was the winner. Thomas however complained of an injured hand and was unable to continue, the Referee awarding the victory in favour of Greenwood. A fine contest decided after a bitter ending but both men were applauded on leaving the ring.

The Club batsmen went to the wickets first with Gooschen in his usual position of off end of the first pair. They had to face two excellent bowlers in Lear and Newham, with the result that the wickets fell rapidly. It was not until Green's arrival that a stand was made seven wickets having fallen for a total score of less than forty and ultimately the innings finished up at 166.

At the wickets the Australian batsmen played a similar game to their opponents, one of them, Ward and De Grucht, making good stand against Green and Bury's excellent bowling.
