On Saturday, His Highness arrived at the Abdin Palace at 10 a.m. when he presided over the Council of Ministers. In the afternoon he received Abdel Rahim Sabry Pasha, Governor of Cairo and Mr. van Lennep, Dutch Diplomatic Agent in Egypt and returned to the Boustan Palace in the evening.

The Sultan has sent a congratulatory telegram to the President of the French Republic congratulating him on the end of the war and the triumph of the Allies to which Monsieur Poincaré has replied warmly thanking His Highness.

Her Highness the Dowager Sultana Melek is expected back at Heliopolis Palace from Mamoura at the end of this week with the Princesses Kazim and Kadrieh.

In reply to the cables sent by the meeting of the British community held at the Savoy Hotel, Alexandria, on November 11, the following cables have been received by the High Commissioner:—

"I have received with much gratification the congratulations you have conveyed to me on behalf of the British Community in Alexandria at the successful conclusion of the armistice and I thank all who joined in this message for their loyal sentiments and good wishes. GEORGE R.I."

"Officers and men of Grand Fleet deeply appreciate message from British community in Alexandria. BEATTY."

"The message of congratulation and thanks from the British community in Alexandria is a source of great pride and gratitude to myself and the troops which I have the honour to command. ALLENBY."

On Saturday Hussein Roushdy Pasha received Ahmed Hilmy Pasha, Minister of Agriculture and Mr. Charles Rocco Serra, Sultanieh Adviser.

The British Red Cross deeply regret to report the death of one of their staff, Mr. Charles Russ, at Beirout, from double pneumonia. Mr. Russ had been working for the Red Cross since the commencement of the war and did yeoman service for the sick and wounded in Mesopotamia, Palestine and Syria. His loss will be keenly felt.

We are asked to state that the following are the office hours at the British Consulate General, Alexandria:

From November 1 to April 30, 9 a.m. to 12.30 p.m.; 4 p.m. to 5 p.m. From May 1 to October 31, 9 a.m. to 1 p.m. The Consulate is closed on Sunday and Saturday afternoon. Interviews can be arranged with any member of the Staff at any time.

With the retirement of Mahmour Fahmy, Director General of the Daira Khassa and Sultanieh Wakfs Administration, it is stated that the two administrations will have separate Directors. Hassan Abdel Razek Pasha has been appointed Director General of the Daira Khassa and Ahmed Ali Bey, Governor of Girga is mentioned as being the probable candidate for the second administration.

The Oriental Carpet and Rug Stores, opp. Savoy Headquarters, Cairo, and 10 Rue Sultan Fouad, Alexandria, are now in receipt of 400 Persian and Turkish Carpets and Rugs which have been on order for many months. All are offered at very reasonable prices.

It is most probable that Lewa El Sayed Ali Pasha, Assistant Adjutant General will succeed Lewa Mahmoud Hilmy Pasha el Masri, as Under Secretary for War on the retirement of the latter on pension in a week's time, and that Lewa Shehata Kamel Pasha, Chief A.D.C. to the Sultan will remain in his present post and will be given the rank of Ferik.

Kaimakam Abdin Farid Bey, Hakemdar of the Minieh Police, will probably be appointed Hakemdar to the Assiout Police in the place of the late Kaimakam Ahmed Ibrahim Bey Zada who recently committed suicide.

At the Municipal Delegation meeting held yesterday, a letter was read from the Director of the Ras el Tin Palace to the Municipality thanking the Municipal Inspector of the Municipality, and his assistants for the services rendered to the Palace during the stay of the Sultan at Alexandria.

The case of Abdel Hamid Abaza Bey, late Director of Agricultural Service, Ministry of Wakfs, against that Ministry, came up for hearing on Saturday and was postponed till the 5th December next.

EGYPT'S FOOD.

HORSE-FLESH AT ALEXANDRIA.

The Alexandria horse-flesh shop was opened on Saturday afternoon at Bab Sidra, in the presence of Dr. Granville, Vice-President of the Commission, Piot Bey, Director of the Slaughter House, and Powell Bey, Director of the Scavanging Department in the Municipality. Two Australian horses were butchered on the first day for sale, but one of them had to be thrown away as unfit for use. The meat was purchased by foreign residents of Alexandria from different parts of the town. A very few natives participated in purchasing, especially as they heard that the horse had been shot dead and not killed like sheep in the usual way. The Sharia prohibits the eating of the flesh of animals unless they are killed in the proper way according to Sheri rules. Hearing of this argument Piot Bey gave orders on the same day that the poor creatures should henceforth be killed like sheep and cows. Two more horses were killed yesterday.

It is stated that a similar shop will be opened at Giza, Cairo, shortly. An Armenian "hasteria" has already purchased four okes of horse-meat on Saturday.

ALEXANDRIA WHEAT ARRIVALS.

About 1,387 ardebs of wheat were received at the Minet El-Bassal market yesterday from the provinces. The Local Supplies Commission has abolished the order preventing retailers among cereal merchants from selling wheat to the poorer people, and decided to distribute about 150 ardebs among those merchants per day to enable them resume their business.

THE EGG EXPORT.

We have received the following notice dated November 14:—

With reference to the Notice, dated 3rd July, 1918 ("Official Journal No.55), regarding the export of eggs, egg exporters and all concerned are hereby informed that it has been arranged that no eggs other than those purchased by the representatives of His Britannic Majesty's Ministry of Food will allowed to be exported to the United Kingdom during the season 1918-1919.

The number of eggs to be exported during the period November to February has been limited to 77 million, in order to ensure ample supplies for the local market.

The export of 2 million eggs to Malta, for which arrangements have already been made, will also be permitted.

Except for the quantities above mentioned, export is prohibited. Information in regard to the sale of eggs for shipment to the United Kingdom may be obtained from Mr. T. Scott, Regina Palace Hotel, Alexandria.

MORE PETROLEUM FOR ALEXANDRIA.

A steamer arrived at Alexandria recently carrying petroleum from abroad. It is believed that the different petroleum companies will before long be able to resume their normal business as before the war.

(3) The appointment of Sheikh Moustafa El-Attar, now Head-Master of the Giza Provincial Council's Primary School as teacher in the Government Secondary Schools at a salary of L.E. 168 per annum. (4) The addition of the period January 1 to March 31, 1918, to the service of the Telephone officials who were taken over from the Telephone Company with the whole system as the company does not intend to calculate that period as qualifying for gratuity owing to the fact that the contract of sale to the Government takes effect from the January 1 this year.

CAIRO AMUSEMENTS.

THE AMERICAN COSMOGRAPH.—Friday night's new films at this comfortable theatre were of more than ordinary interest and were received by the audience with great enthusiasm. Especially welcome to the hundreds of Cosmograph patrons present was the presentation of "The Diamond Claw" which for thrills and sensations easily takes the lead of any production to be seen in Cairo at the present moment. The beautiful Pearl White—who plays the part of Pearl Standish—proceeds from sensation to sensation, always exhibiting that lightning decision and readiness of resource which are so characteristic of her. Failing her implacable foe Carlalake again and again, she is herself as often placed in most alarming dilemmas, from which her wit extricates her. Such a wealth of invention has already been displayed by the producers, that it seems hardly possible to conceive situations fresh enough to maintain the interest through the remaining five episodes. As it is a most dramatic story which has been reached in which the police come in, but we feel quite sure that what looks like the end of Carlalake's villainy will be again postponed. The Annals of the War were confined to some very fine views of the American Army at the front. Now that the war is almost over, these pictures are of peculiar interest. Mercy Hutton in the part of Isabel made a great hit in that grand four act love, romance "Brin d'Amour! Chevalier Galant." This film has been exhibited for seven months in succession in France, England and the States.

Gaumont Actualities were of their customary topical nature, and created the liveliest interest among the audience.

ALEXANDRIA AMUSEMENTS.

THE BLUE BIRDS AT THE PICCADILLY THEATRE.—The entertainment given by the "Blue Birds" concert party on Thursday evening last at the Piccadilly Theatre—and repeated on Friday and Piccadilly Theatre—and repeated on Friday and Saturday—was in the vicinity of the "Gaseous stall holders in the vicinity of the "Gas-ous" representative as bring one of the most original of the concerts arranged by Lieut. Davies. There was moreover a very topical character about some of the turns which took cognisance of the overthrow of the Kaiser in a highly diverting fashion. It was no small feat to write new verses and rehearse appropriate dances within so short a time of the actual event, and this energy and zeal are most praiseworthy. For so small a party, the six members giddily do combine on unusual variety of talent, and this of first rate calibre. Ernest Scovell in the first item introduced the audience to which was one of the largest recently seen at the Piccadilly—to the Blue Bird band in a very tuneful manner, his melodious voice being greatly appreciated. This artist appeared in several subsequent numbers with equal success, and made a very distinct hit also as a lady, Dudley Browne made great play with his eye-glass in his "dated debate" with his damsel, and convulsed the house with his truly humorous quips and sallies. His make up was an inspiration and in itself was sufficient to provoke laughter. In his second appearance as "Cynthia" the volume of applause were loud and continuous. Another excellent turn was the finished violin playing of Joe Schofield who delighted his hearers by his undoubted skill. Vastly amusing was the concerted number "Sunshine" in which William Maconachie which was sung by the whole company with great zest. The same number meant so much to a military audience that the satire embodied in the verses listened to with particular relish. Jimmy Black has gifts as a humourous singer, and was lustily applauded, especially on his second appearance in "Gilbert the Filbert." By way of contrast Arthur Wheelhouse provided a more serious note, in which his well controlled bass voice was heard to great advantage in his song about the late player, the audience showing their appreciation by calling for an encore. There were other very clever concerted numbers, all of them of great merit and rich humour. In all this the Blue Birds played at Cowboys and Indians, Ernest Scovell made a most seductive Red Indian girl. Perhaps the most diverting of the concerted numbers was the last, in which the Arcadian Lyre Sloshers Band Concert Party. The costumes were absolutely ludicrous, as also were the words, and the whole was a most joyous bit of screaming farce. The costume, which without exception were excellent, were designed by Jimmy Black, who in addition to taking a prominent part in the action and it is an opportunity music lovers to the party.

ALHAMBRA THEATRE.—As we have already announced the Bandman Musical Comedy Company is about to proceed to Cairo. It's place at the Alhambra will be taken by the Bandman Comedy Company, a company of highly talented actors and actresses, who have scored many striking successes in India. Among the members of the Company are Miss Cathleen Doyle, the leading lady, who will play "Peg" in "Peg O' my Heart" during the season in Alexandria. She is the sister of Miss Moyna Mannering, the original "Peg" in America, Mannering, who very successful in the same role in London; Mr. Crompton Coutts, who during the past years under study to Cyril Maude at the Playhouse London. He also was understudy for the famous Pinero. He has been touring with Mr. Bandman Companies in India and the Far East playing leading parts. Mr. Ernest Lawson, who joining Mr. Bandman's company some years ago, was leading man and producer for the principal company touring South Africa and since playing under the Bandman banner, he has played all the leading roles in many of the Bandman successes. Miss Beryl Bracloagh (Mrs. Lawson) has played many important parts in comedy and drama under the Bandman management. Mr. David Keir, has been selected by Mr. Bandman to play a certain [illegible] part, which he has played with great success. The Bandman Comedy Company makes its bow with "Romance" tonight, following this with "Grumpy" on Tuesday, the "Outcasts" on Wednesday, "The Man who stayed at Home" on Thursday and "General Post" on Saturday. On Saturday afternoon as a matinée "The Man who Stayed at Home" will be given.

SUMMER PALACE HOTEL.—We are pleased to hear that the Summer Palace Hotel will remain open all through the winter. A series of "small dances" will be given during the season.

For special winter terms apply to the manager.

ORGAN RECITALS AT ST. ANDREWS.

The usual weekly organ recital at St. Andrew's Church will be held on Tuesday evening at 6.45. The organist, M. Ruphil Menasce, is very well known to lovers of classical music in Alexandria; he holds the highest honour of the Paris Conservatoire of Music, and will be heard in numbers by Boëllman, Dubois, Beethoven, Parado, Saint-Saens, Widor and Cesar Franck. He is coming at great personal inconvenience from Cairo specially for the occasion, and it is one opportunity music lovers should not miss.

LIGHTING RESTRICTIONS REMOVED.

We have received a notice for publication to the effect that the instructions regarding the darkening of lights in houses and streets showing seawards are now cancelled. This will not however affect the orders issued for purposes of economy by the Ministry of the Interior.

MUSIC IN ALEXANDRIA.

THE WELSH SINGERS.

On Saturday evening at 6.30 o'clock the American Mission Hall presented an animated appearance. The platform was filled—Brig. General Boyle G.O.C. Alexandria District and Lt. General Mott, G.-in-C. 53rd Division, being the central figures among their staffs. The event was a Cyman agaun or singing festival. The troops who took part in it filled the body of the hall and made a very imposing appearance. The meeting was introduced by Chaplain Ed. Jones and the conductors were Chaplains Davies and Gwilym Williams. About twelve hymns were sung in splendid style in Welsh, the only exception being "All hail the power" which was rendered in English to the tune Diadem as a hymn of thanksgiving. Lance on "Boyd Myrid o Ryfeddodau" was sung in memory of fallen Welsh boys. Short addresses were given by each of the above-named generals who were given a rousing reception. Mr. J. Davis Bryan afterwards spoke a few pointed words in Welsh. A pianoforte solo was given by Lt. Bradwen Jones from whom much is expected in the future in musical circles. (Cpl. Pugh sang a song in splendid style and the meeting broke up by the singing of the Welsh and the English national anthems. The accompanying was excellently done by Lt. Bradwen Jones and Chief Engineer D. Williams.

It is hoped that a Welsh concert will be given shortly when many more visitors will have the pleasure of hearing the Welshmen's voices.

FOURTH SYMPHONY CONCERT.

The fourth symphonic concert took place at the Alhambra Theatre in Alexandria yesterday morning, under the baton of Mr. Isaia, and met with great success. The number of officers and other khaki lovers of music present gave an eloquent if silent lesson to the civilians of Alexandria, who would do well to support more loyally a worthy effort on the part Mr. Conegliano to introduce a taste for the beautiful in this particularly sordid city. Without wishing to tread on the corns of lovers of sport it may perhaps legitimately be said that when a boxing match is organised people will even walk far to a place which is generally empty but that few will even get out of a tram to walk a minute to hear the finest medium for the expression of the human soul—symphonic music. A more technical aperçu of yesterday's concert will appear in our next issue.

SUDAN AND ARABIA.

NEW NAVIGATION ORDER.

By a proclamation the Governor General of the Sudan orders that no sailing vessel coming from the Arabian coast shall on any voyage touch or communicate with the shore within the territory of the Sudan until she has touched at Port Sudan and obtained a clearance paper from the Port Officer. Any sailing vessel committing a breach of the above regulation or which is found within territorial waters with papers which are not in order or whose conduct gives rise to suspicion of having been the part of her master, owner or crew to commit an offence or whose master, owner or crew is suspected of aiding or abetting or trading with His Britannic Majesty's enemies may be arrested or brought into any Sudan port and she and they dealt with as shall be found just.

CRIME IN THE PROVINCES.

An enquiry has been made into the case of the murder of Police at Deir Mounas, Deirout, who was charged with having imprisoned Ahmed Ismail for a time and with feeding him only upon berseem. The mulaher in defending himself said that the victim had recently attempted to murder him and he brought several witnesses to prove his contention.

The mulaher, when asked why he did not inform the Parquet of the crime said that he was afraid to let the Mudirieh hear that some of the inhabitants wished to put an end to his life. Some of his witnesses said that a gun and not less than 150 bullets were found with Ismail, but no sufficient proofs of his intent to use them were given and the Parquet is said to have asked the Ministry of the Interior to make an enquiry into the mulahes's reasons for having failed to give information regarding the attempt to murder him.

TEH EL-BAROUD BUTCHERS.

It is reported from Teh El-Baroud that Dr. Mahmoud Effendi Talaat, veterinary inspector of the Behera Province, heard that some butchers of the Teh El-Baroud Markaz were killing unsound and plague-stricken cattle outside slaughter-house and selling the meat at higher prices than those fixed in the tariff. The inspector is said to have carefully watched them and to have succeeded in catching some of the cattle which were destroyed and legal measures were taken against the perpetrators of the crime.

ALEXANDRIA MALTESE BENEVOLENT SOCIETY.

On Tuesday evening after the meeting of the British Community at the Savoy Hotel, Mr. Geary, the new Acting-Consul General for Alexandria and district, received, at the Consulate, the members of the committee of the Maltese Benevolent Society. Mrs. Mario Vella the President of the Society having presented to the Consul the members of the committee made a short speech in which he gave an account of the Society and its work among the Maltese poor in this town. Mrs. Vella expressed the hope that Mr. Geary would long remain among us to co-operate with the Society in its humanitarian activities and ended by asking the Consul to accept the honorary Presidency of the Society, an honour which the loyal Maltese Colony of Alexandria would greatly appreciate.

Mr. Geary replying, said how much pleasure it had given him to meet the committee of the Maltese Benevolent Society. He assured them that their work had his entire and warmest sympathy and that he would be very glad to assist them in any way he could.
