AMERICA'S TASK.

HOW THE UNITED STATES

WILL FEED EUROPE.

A NATION'S SELF-DENIAL.

(From a Correspondent.)

Mr. Herbert Hoover, United States Food

Controller, announces, in a wireless message

that he has just reached Europe that he is about

to cross the Atlantic for a tour of duty in the

food position, and to estimate that the

population of the Central Powers, which he

thinks will be about 100,000,000, will be

about 100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about

100,000,000, and that the

population of the United States is about
