COMMUNICATIONS WITH CAIRO

RESUMED.
A train left Cairo yesterday morning at 9.25 o'clock with a fair number of passengers. There were only 16 and 2nd class carriages. It arrived at Alexandria after quite an uneventful journey at 2 o'clock yesterday afternoon.

Nobody is allowed to leave Cairo by train without a permit, and only permits are issued to bona fide residents of Alexandria.

As a result of the new restrictions regarding travelling, Alexandria, which left Alexandria yesterday morning for Cairo took a few passengers from this town, according to the new restrictions, to one who enters the Bab el Gidid station without a pass from the Governor, and as it is very difficult for the Governor to get permits from the Governor for that purpose, very few people could enter the same terminus yesterday.

SITUATION IN ALEXANDRIA.

The President of the Ulema Board at Alexandria paid a visit to the Governor yesterday morning and had a talk with him about the detained students of his theological institutions.

On the previous day a delegation composed of Mansour Pasha, Youssouf, and Mahmoud Pasha, of the Ministry of the Interior, the Sheikh of the Ulema, visited the General Officer Commanding the Alexandria District and made some proposals about the theological students now under arrest. It is stated that the matter was submitted to the Acting Consul-General-Chief in Cairo.

A large number of Egyptian students at Alexandria have returned to their homes.

WISDOM AFTER THE EVENT.

It is announced that some of the leading native residents of Cairo are holding meetings from time to time to discuss what means in harmony with the authorities should be taken to put a stop to the present painful situation. The "Ahram" states that it is hoped that when some decision has been reached there will be a meeting between them and the authorities.

POLICE INVESTIGATIONS.

An order has been issued to the Cairo police stations to the effect that they should draw up lists of the names of the persons arrested since March 9, in connection with the demonstrations, and the names of those who have appeared before the Military Courts and also of those who are imprisoned in the Citadel. According to an Arabic contemporary, the authorities are now searching for the persons who have executed, printed and distributed the circulars which appeared during the demonstrations, for the purpose of referring them to a Military court for trial.

MAIL DISTRIBUTION.

Last Friday afternoon the Cairo Post Office distributed part of the foreign, Syrian and Palestinian newspapers and correspondence from parts of Egypt including Upper Egypt, as for instance Kena, Assiout, Cairo. On the same day the Alexandria mail, including newspapers issued on Friday morning, was also distributed.

THE WADY NATRUN.

Some anxiety has been felt owing to the safety of the members of the English community in the services of the Egyptian Salt and Soda Company in the Wady Natrun since they were unable to leave the valley by railway. The Military

Authorities sent motor cars to bring them back to Alexandria across to Amara and thence by the Mariout route. They all arrived safely at Alexandria yesterday afternoon and not one of them has in any way suffered since all is quiet in the Wady Natrun. The property of the Salt and Soda Company there is also quite safe.

TRAVELLING IN EGYPT.

The following notice cancels the one we published on this subject yesterday.

No civilian is permitted to travel by train from Alexandria without a written permit. Permits are restricted to bona fide residents in the town of destination or Government servants who have written authority of the head of their Department. Permits may be obtained from the Governor, Alexandria, between the hours of 3 p.m. and 5 p.m. only, and not from Headquarters, Alexandria District, Main Town.

News has been received at Alexandria by telephone from Balakhar, near Derou, that on Sunday aeroplanes bombed the Bedouins at Abou Matani, where they were attacking that village. The aeroplanes were from the direction of the Nubian Canal for the purpose of looting. All the estates in the neighbourhood of Balakhar belong to the Belgien Company, the Societe Agricole et Industrielle d'Egypte.

CAIRO MILITARY TRIBUNAL.

The Cairo Military Tribunal for the trial of food profiteers held its usual weekly sitting on Friday at the Native Court of Appeal and heard the following cases:—(1) The case of an oil merchant of Cairo called Yanni Elidokis accused of selling oil at the rate of P.T.22 per oil-kan which is a false rate. The oil merchant was called Fransawi which the chemical analysis has shown to be a mixture of cotton seed oil and another oil of inferior quality. The merchant was sentenced to a fine of L.E.1.

(2) The case of a native merchant of Louka, Galienouche, called Sheikh Mohamed Zanoon, and his clerk called Elidokis, accused of selling 23 tons of petroleum at P.T.27 instead of P.T.24 per tin and of selling a kilo of attar at P.T.12 instead of P.T.10. The Court found both guilty and sentenced the first, who had been sentenced on a previous occasion to a fine of L.E.500, to 30 months imprisonment without the option of any fine and the second to one month's imprisonment with the option of a fine of L.E.2.

(3) The case of a Cairo miller called Selim Shalabak and his clerk Ibrahim Yusuf accused of selling six sacks of flour of a quality which is prohibited for sale. The Court adjourned the hearing of the case to the 31st inst.

PERSONAL AND SOCIAL.

Tomorrow is the anniversary of the Sultan's birthday, consequently all Government offices in Egypt will be closed.

His Highness has considered it desirable not to hold a reception that year on March 26 (the date of His Highness birthday anniversary).
