#### SUGGESTED REMEDIES.

#### CAIRO.

CARRO.

The city of Cairo is a Governorate and both character and population is more bright program than Asternorate and population is more bright program than Asternorate and the commission was had opportunities of impecting various distinct of Cairo and is not surprised that its entire approaches exceeds this figure. It is necessary to explain the resum, as Dr. riguous Lees has dealt with them fully in his industry and the control of t

#### SANITARY ORGANISATION.

The Commission finds itself considerably in simpathy with the arguments derarded by Dr. Fergunen Levense and the arguments desired by Dr. Fergunen Levense and the secondation of schemes of sanitation for the soundaring of schemes of sanitation for the soundaring the scheme of sanitation and the sanitation of the sanitation of

#### SANTARY INSPECTORS.

DANIAGE LONGEROLUM.

Qualified Saniary Inspectors are necessary for Cairo. The Medical Officer of Health, in his ervidence before the Commission stated that his proposal was in the first instance to divide the city into five large mais districts, each of which would be in charge of one the control of the commission of the control of Health, well exercise the necessary technic quality of the control of the co

the Assistant Sanitary Inspectors (Inspect Nationness) eight of whom already exist who, though belipful in several directions, re-special instruction. The pay suggested Alchal Officer frising to 2.3. Motor Alchal Officer frising to 2.3. Motor transport should be provided. The Conn is strongly in favour of this proposal, an siders that the Cairo posts might be reger promotions for the qualified inspectors.

#### SCAVENGING, WATERING AND AMBULANCE SERVICES.

Vaccination in Cairo requires the same

are concerned.

The Ambulance Service at present under the Central Stores should be transferred to the In spectorate and attached to the Fever Hospita at Abbassis. We understand that this will be done at the conclusion of the war.

## CAIDO SEWAGE TRANSPORT

and form the nucleus of a future schem by the Municipalities will manage the health affairs under the guidance an of the Ministry of Health. In the Municipalities that the approval of the medical staffs, the approval of the Ministry of Health should invariably be obtained.

#### VILLAGE COMMUNITIES

ganisation of the larger (sorms in EGUP).

It is interesting to note that in Port Said a system has been developed which bears a strong resemblance to the proposal which we have advanced/or dividing the work. Medical accurries out duties which are almost wholly of a sanitary nature, while the junior official it entrusted with the purely medical work. Both the British Reficial Officer of Health was in its property of the proper
