NEW LAID EGGS IN LONDON.

According to the Food Controller's time, table the new-laid egg at 5 1/2d, was the on December 4 but it was not, we read, particularly obtrusive in the shops, Egg-rate and an advisory committee repre-enting their interests proposed the fol-lenting scale of seasonal prices as "fair". senting their interests proposed the fol-owing scale of seasonal prices so "fajr": Winter, 64: carly spring and autumn, Ad., like spring and summer, 4d. The voices is that 5d. is accepted as "fair" for new laid eggs in autumn and 6d. in win-er. If that is so—and the figures are kined by the egg producers themselves— here has been egg-profestering with a ven-cause this autum, seeing that the price has been steadily raised during the last two passes are seen as the second of the second passes are seen as the second of the second and the second of the second of the second many places 8.1/2d, and 9. were charged.
