THE OIL CRISIS.

WHAT SHOULD BE DONE.

WHAT SHOULD BE DONE

The continuation of the oil crisis from which everybody who is in the habit of consuming oil in some form or other is suffering, is a serious rebuke to the Procedition of the controller. As the property of the controller was the controller with the controller was presented by the controller was a surgest of thousands of love with the controller was a surgest of thousands of love over local required by the controller was a surgest of thousands of love over local required by the controller was a surgest of thousands of love over local required by the controller was a surgest of thousands of love over local required by the controller of the consumer. However, the controller was a surgest of thousands of local required by the controller of the consumer, but only explanation is to be sought in the complete disregard of public needs by come of our local latter could get abundant supplies of cotton seed in the open market these wamped the market with oil, not out of love for the consumer, but because it afforded an opportunity to gamble in "futures" on the amaket with oil, not out of love for the consumer, but because it afforded an opportunity to gamble in "futures" on the amaket with oil, not out of love for the consumer, but because it afforded an opportunity to gamble in "futures" on the surgest of the consumer, but because it afforded an opportunity to gamble in "futures" on the consumer, but because it afforded an opportunity to gamble in "futures" on the consumer, but because it affords of the whole matter is: lay a surgest of the whole matter is: lay the love of the production of the factories and there will be the end to the oil crisis.
