Th

CAIRO IN WINTER.

PROSPECTS OF THE SOCIAL SEASON.

As in other years, the feast of Beyran strikes the first chords of the opening chorn of the Cairo "Season;" and judging from the signs of the times this winter birds sair to be agreater success than its piedecessor. Indeed Cairo has already shaken the summer sleep from its eyes and on every side preparation are being made to welcome bank the expected guests and to attract the new ones. Nearly all the well known residents have none more returned to their comfortable quarters, and acach day, sees more familiar faces in the streets.

Changes there are in plenty. New buildings have spreng up like meshrooms since the

n stermed to their comfortable quarters, and each day sees more familiar faces in the streets.

Changes there are in plenty. New buildings have spring up like meabrooms since the spring, and alterations sucround one one way side. The new Somiramis Hotel on the river bank has already stationed giganties its, and the bough still far from being complete, it in promises to be habitable before the winters if all the state of the state
